

## Camber 7043 Aluminium Channel

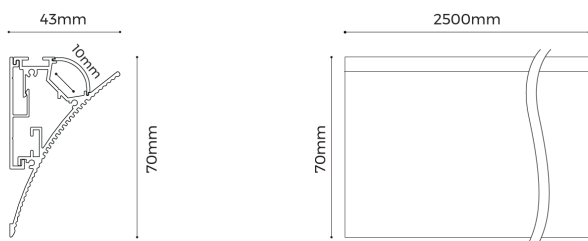

The CAMBER 7043 profile provides the option to have a wall mounted uplighter providing a soft background light within spaces in custom lengths up to maximum of 2.5m in length

The arc shaped white polycarbonate cover is designed for a wider luminous surface

The wall bracket provides a detachable snap on design which makes it easy to install

The visible metal cover can be painted over to allow it to blend seamlessly with the wall finish if required
