

Brim 2727 Aluminium Channel

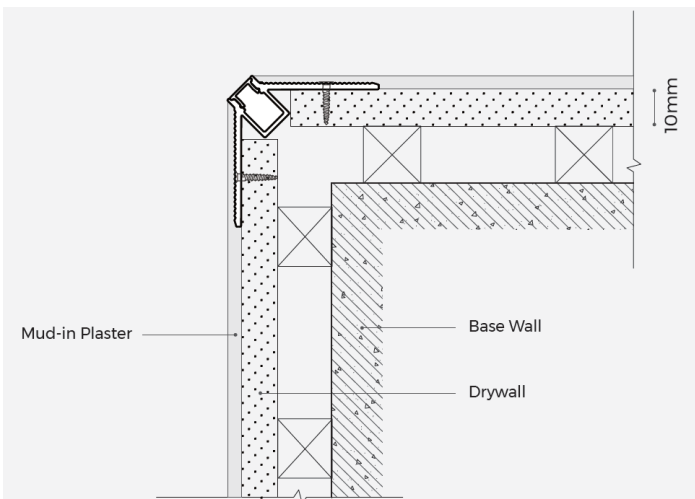

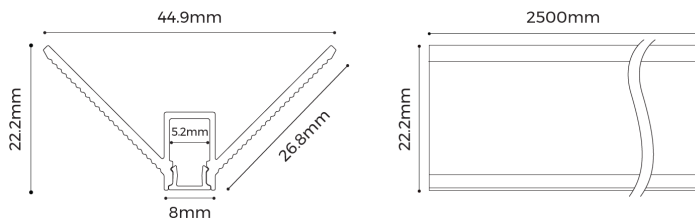

The BRIM 2727 profile is designed to be applied to the outer corner of a 90deg change in wall direction

The luminous surface provided on the polycarbonate cover is only 8mm wide for a very slim contemporary light effect produced after final plastering is complete over the side wings

LED Strips with a maximum width of 5mm to be only used inside the profile

The profile comes supplied standard with PC cover and 2x PC end caps

Model No **NL_HC_BRIM2727_PROFILE**
