

Solace 12W LED Bollard

Bole is a line of premium IP65 bollard lights with a timeless and modern style. The fixture has an extruded aluminium body, a die-casting head, and a PC optical concept. Its exquisite surface finish gives it a textured, upscale appearance. Owing to their flawless powder coating, our bollards are certified IP65 for extreme weather.

Applications include architectural buildings, commercial buildings, corporate buildings, parks and recreational areas and gardens.
