

Hunter 10W LED Flicker Free Trackspot, 15-60° 3000K, Triac Dimmable

The Hunter 10W LED Flicker Free TrackSpot, 15-60°, 3000K Triac Dimmable. With an impressive CRI97 rating which gives a high colour rendering clarity. The adjustable head gives alternative beam and dimming variations. Ideal for highlighting & focusing on individual areas i.e tables & walls. Flicker free technology. Also available in 15W and 30W versions (non-dimmable) [here](#).

For use with 3 circuit track only.

ROHS compliant & CE certified.
