

Buster Brass Wall Light c/w Cone Shade

The Buster Wall Light with a cone shade is a classic, elegant design with a vintage touch. It features a brass base and arm that extend from the wall. The arm has intricate detailing that adds to its antique aesthetic. The light fixture is topped with a white, cone lampshade, which has a clean, simple look. The inner part of the lampshade has a gold lining, which complements the brass elements and casts a warm, inviting glow. The overall design of the light combines traditional elements with a refined finish, making it suitable for a sophisticated, timeless interior.
