

Pline 3CCT Panel Light

Pline panel light is a direct backlit lighting product with high lumen efficiency. It makes full use of all light and is more cost-effective compared with side lighting LED panel light. It adopts a high 130 Lumen per WATT 2835 SMD light source, the optical lens provides a uniform light output. It has an integrated iron plate, providing great thermal management. The micro prism diffuser provides anti-glare light effect.
